

## **Uniform Guidance for August**

### **Primary P1-6**

Wearing a uniform while at school ensures that each child feels included and part of our learning family and community. It also makes getting ready for school so much easier. In the current Covid climate we aim to simplify the uniform expectations while ensuring that the items being worn are easily washable. In order to keep our community as safe as possible, it is hoped that school clothing will be washed on a daily basis.

When we return to school, learning will take place both within and out with the classroom and it is necessary for the uniform worn to be appropriate for indoor and outdoor environments. Because there will be no changing room facilities during the first phase of our return to school, a basic sports kit will be worn by all P1-6 classes as this will be suitable for class learning, PE and other co-curricular activities.

### **Primary 1-3**
